## Report on the cleaning campus activity led by NSS at Gautam college of Pharmacy

Date: 20/02/2024

Venue: Gautam college of Pharmacy, Hamirpur

### Activity: Cleaning campus activity led by NSS

The cleaning campus activity was organized on 20/03/2024 with the objective of promoting cleanliness and hygiene within the college premises. The program aimed to instill a sense of responsibility among the students towards maintaining a clean and healthy environment.

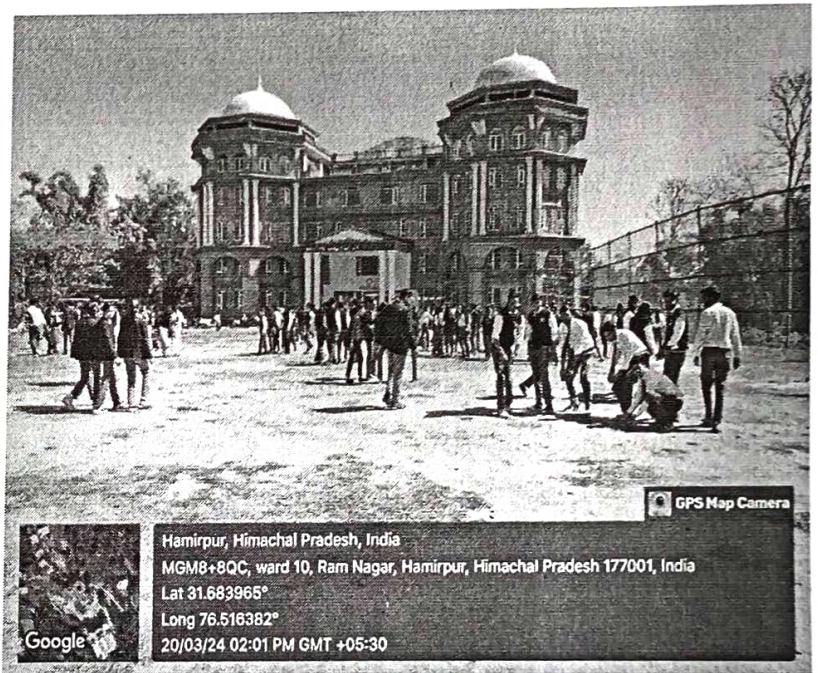

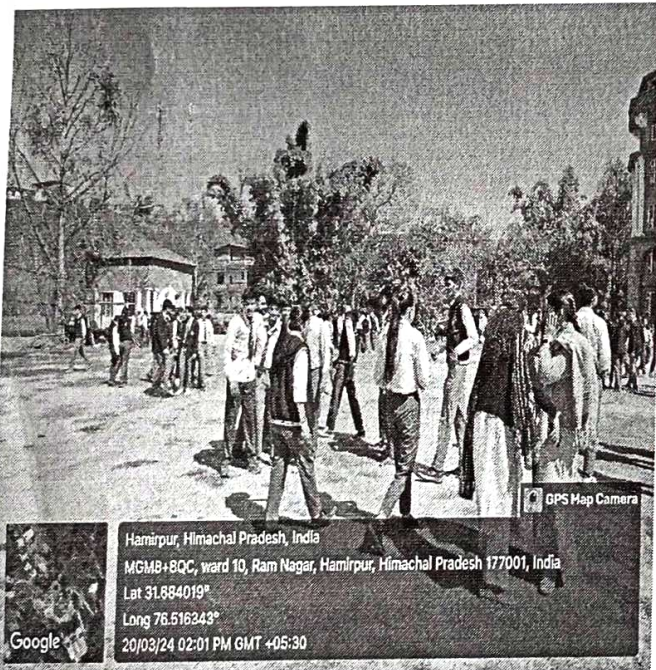

The cleaning campus activity was led by the NSS unit in collaboration with the college administration and faculty members. A group of enthusiastic NSS volunteers actively participated in the program and contributed their efforts towards achieving a cleaner campus. The cleaning campus activity included the following key initiatives:

- 1. Garbage Collection:** NSS volunteers divided themselves into teams and systematically collected garbage from various areas of the college campus. They used gloves, masks, and other necessary equipment to ensure safety and hygiene while collecting waste materials.
- 2. Sweeping and Mopping:** Volunteers engaged in sweeping and mopping the floors of classrooms, corridors, and common areas to remove dust and dirt. They worked diligently to ensure that all areas were thoroughly cleaned and maintained.
- 3. Waste Segregation:** The volunteers segregated the collected waste into biodegradable and non-biodegradable categories for proper disposal. They emphasized the importance of waste segregation for effective waste management practices.
- 4. Awareness Campaign:** Alongside the cleaning activities, NSS volunteers conducted an awareness campaign on the importance of cleanliness and waste management. They interacted with fellow students, staff members, and visitors to educate them about the significance of maintaining a clean environment.

The cleaning campus activity received positive feedback from the college community, with many appreciating the efforts of the NSS volunteers in enhancing the cleanliness of the campus. The program not only improved the physical appearance of the college but also raised awareness about the need for collective responsibility in keeping the surroundings clean.

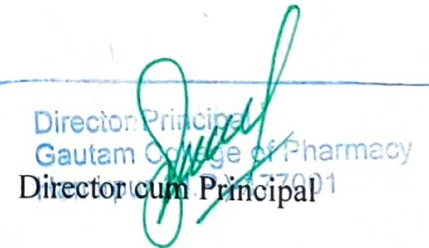

I would like to express my gratitude to all the NSS volunteers, faculty members, and staff who actively participated in the cleaning campus activity and contributed to its success. Their dedication and teamwork were instrumental in achieving our goal of creating a cleaner and healthier campus environment.
