COMPUTER LAB FACILITY AT GAUTAM COLLEGE OF PHARMACY

Computer Lab at Gautam College of Pharmacy, a state-of-the-art facility designed to enhance the learning experience of our students. The lab is equipped with 41 high-performance computers, each configured with the latest software and tools relevant to pharmacy education and research. The spacious and well-lit environment promotes collaboration and productivity, featuring ergonomic workstations to ensure comfort during long study sessions. High-speed internet access is available throughout the lab, allowing students to conduct research, access online resources, and collaborate on projects seamlessly.

Image – 1 Students can be seen attending the lecture in the computer Lab which is also equipped with Smart Class Room LCD.

In addition to standard software applications, the lab includes specialized programs for pharmacology, drug formulation, and data analysis, ensuring that students are well-prepared for both academic and professional challenges. Our dedicated lab staff is always on hand to provide technical support and guidance.

The Computer Lab fosters a collaborative learning environment where students can work together on projects and assignments. Group work is encouraged, with designated areas for team discussions and brainstorming sessions. This collaborative approach not only enhances learning but also prepares students for teamwork in their future careers.

In addition to group work, the lab also supports individual study sessions. Students can book computers for focused study time or research projects, ensuring that they have access to the resources they need when they need them.

Gautam College of Pharmacy recognizes the importance of community engagement in education. The Computer Lab plays a crucial role in outreach programs aimed at raising awareness about health issues within the local community. Students often utilize the lab to prepare educational materials and presentations for workshops.

Image – 2 Pictures of students in the computer lab

These initiatives not only benefit the community but also provide students with valuable experience in public speaking, communication, and project management—skills that are essential for successful careers in pharmacy.

LIBRARY FACILITY AT GAUTAM COLLEGE OF PHARMACY

The library assumes a critical art in bestowing education: it is the asset center point for knowledge. The library is furnished with reprographic facilities of convenience for the students and staff. The students and staff are given adequate facilities including internet with free downloading. The library is computerized utilizing the latest Integrated Library Management system. The library has a library advisory committee. The committee has the Principal, HOD, the Library in charge, and the librarian. The committee is proposed to plan and facilitate the execution of the essential methods for the working of the library. It takes up the way towards distinguishing arranging, and acquiring the books, journals, manuals etc. It guarantees the users of the library to stay up with the technological development

The open access system continues in our library, where users are permitted to go straightforwardly to the racks, select their preferred books, and submit the same in the issue counter. Separate e-library is additionally accessible with facilities like E-journals and E-books. To facilitate national and international networks and libraries. For sharing data and recording and gathering, putting away and spreading the data, and by offering computerized services to the users. Separate reference books are maintained for students and staff.

The library has free access networks for the students where they can pick the book that is needed by them for issue. The library provides facilities for self-study, research information collection, and assemblage. Newspaper stand for daily newspaper reference is mounted and updated daily.

The institute provides an Integrated Library management system to the college library from where all the students and faculty members can access e-journals and e-books. The library used DELNET software as an integrated library management software. Advanced DELPLUS software can manage all the books in the library in a proper manner. A Barcode scanner and printer are used in the library. The barcode system can enhance the quality management of the books. Each book has a unique bar code which can be scanned by a scanner. It ensures that each book is issued and returned to the library. It also prevents the misplacing of books. A separate issue register has been used to record the library usage by the students and teachers.

The students provide a library period where students can access the books for self-study. Four advanced version PCs are also provided by the management in the library with LAN connection where the students can access online information.

Total area of library: 159.46 Sqm

Total seating capacity: 100

Total no. of books: 2162

Total no. of Journals: 11

Total no. of newspaper: 02

LECTURE HALL AT GAUTAM COLLEGE OF PHARMACY

The lecture hall at Gautam College of Pharmacy is a modern educational space thoughtfully designed to support an immersive and interactive learning experience. With a seating capacity of over 100 students, the hall is spacious and well-ventilated, offering a comfortable environment for both students and faculty.

Equipped with the latest audio-visual technology, including high-definition projectors, sound systems, and smartboards, the lecture hall enhances the delivery of presentations, seminars, and lectures. This state-of-the-art setup ensures that every student has a clear view and can engage with the course material effortlessly. Additionally, the acoustics of the room are designed to amplify the speaker's voice, making lectures easy to follow for all attendees.

The layout of the hall encourages student-teacher interaction, with easy access to the faculty at the front. It fosters an open, dynamic, and interactive atmosphere where questions and discussions are encouraged, ensuring that students get the most out of each session.

With its focus on blending technology with comfort, the lecture hall at Gotham College of Pharmacy stands as a cornerstone of the academic journey, promoting an engaging and collaborative learning experience.
